Kitchen taps and sinks

# Contents

## Introduction 4

We've covered some of the key things to consider when choosing your new kitchen tap or sink, as well as information on our quality standards and guarantees.

## Gallery taps 8

From filtered water straight from the tap, to a super flexible spout that bends almost any shape, each has its own unique personality.

## Single handle mixer taps 12

Single handle taps help busy cooks control water flow with just one hand. More contemporary in styling than twin handles, they look great in a modern, open-plan kitchen.

## Twin handle mixer taps 24

Featuring separate hot and cold water handles or levers, twin handle kitchen taps create a classic style best suited to a more traditional kitchen.

## Pull out mixer taps 40

Designed to make life easier, our pull-out spray or nozzle makes food preparation and cleaning a breeze.

## Two hole taps 46

If you're specifically looking for taps to fit a two-hole kitchen sink then head straight over to page 46. Designs include both bridge and pillar taps, so there's plenty to choose from.

## Sinks 52

Our range of quality kitchen sinks are beautifully finished in a wide range of styles and built to last, we think every customer will love them. What makes our sinks unlike any other is that they come pre-installed with our Easyfit base, flexible tails and a choice of Easyfit taps.

## Welcome

Looking for the perfect kitchen tap or sink?  
You've come to the right place.

From the convenience of our Rapid 4-in-1 Boiling Water Taps to the simplicity of our unique Easyfit sinks, you'll find something that helps take the everyday and makes it brilliant.

We've even included a handy selection of icons to clearly highlight the benefits of each product so you can easily evaluate each one. Happy hunting.

*The Bristan Team*

### Product benefits explained

**Precise Glide**  
Features ceramic cartridges for long life durability and more precise control.

**Luminance Chrome**  
A hard-wearing, flawless finish that lasts for years. It's also scratch resistant and salt spray tested to ensure added durability.

**Easy Fit Installation**  
Designed to make installation quicker and easier.

**Safe Touch**  
Designed to keep the exterior cool to the touch, ensuring you're never at risk of scalding.

**Family Safe**  
Thermostatic temperature control and automatic stop prevent surges of hot and cold water.

**Gallery Tap Range**  
Find your perfect match with our Gallery Tap range on page 8.

# For the heart of your home

**Bristan is the UK's number one taps and shower company.**

For over 40 years, Bristan has been creating products that help make the everyday easier, safer and more efficient. Designed and engineered here in Britain, we pour our heart and soul into creating styles and collections that perform as good as they look. As a result, you'll find our products right at home within 1 in 4 British households.

## Brilliantly practical

From chrome that stays brilliant with the simple wipe of a cloth to unique features that make installation a breeze, Bristan taps are the ultimate in practicality.

## Inspired functionality

Want to make life in the kitchen a little easier? Take note from the professionals. Pull-out sprays (pages 40-45) are excellent for rinsing vegetables and washing dishes, while filter taps (pages 9 and 11) allow you to instantly fill your glass with fresh, filtered water. In our Gallery collection (page 8) you'll even find a tap that carefully measures out each and every drop.

## Exceptional Choice

Whether you're looking for jaw dropping style or time-saving professional features, you'll find your ideal tap with Bristan.

## Proven quality

We design and engineer our products here in the UK, so you can be sure everything conforms to UK water regulations. However, it doesn't end there. To make sure our products keep delivering year after year, we push all our designs to the limit in our very own certified state-of-the-art testing centre.

# Flawless performance, guaranteed

## Durability

Created using high quality materials, we do everything to make sure our taps and sinks provide you with years of trouble-free service. And that includes pushing every design to the absolute limit in our own industry-leading testing centre just to make sure.

## Peace of mind

Once you've bought something, you don't want to worry. That's why we provide rock-solid warranties, extended guarantees - and award-winning customer service whenever you need it.

## Easyfit

Our unique Easyfit system makes tap installation and replacement a dream. Available in contemporary and traditional styles, it's never been easier to keep your kitchen right on trend. Already got an Easyfit system? Simply look for the product code 'TO' (Tap Only) to refresh your look.

## GALLERY

No matter what your lifestyle, there's a Gallery Tap that's right for your home. Prefer to drink filtered water? All you need to do now is find your **perfect match?**

## Gallery Flex Sink Mixer

GLL FLEXSNK C  
Chrome **£195**

Height 490mm, Projection 230mm

# FLEX

Made with memory flex material, this handy tap can be bent into any shape you choose. Angle the flow at awkward sink corners for easy cleaning, or twist it where you need it to fill pots and pans. Unlike a pull-down spray, it'll stay in place hands-free, leaving you to get on unhindered.

Pairing smooth matte black with slick and luminous hard-wearing chrome, it has a professional yet contemporary high-end look, allowing it to slot perfectly into your pioneering style.

# PURE

The Gallery Pure makes it easier than ever to get fresh, filtered water on demand. Simply push its easy-to-use button at the end of the spout to dispense pure fresh water without the need for any bottle or container. For regular hot and cold water, simply use its large and tactile side handle.

Finished in shimmering, hard-wearing chrome, its minimalist styling provides a clean, uncluttered look to any kitchen. Ideal for design purists who like smart interiors without the fuss.

Chrome £320

Height 420mm, Projection 280mm

### Pro Glide

### For the Professional

Gallery Pro Glide pairs simple innovation and top functionality with a gorgeous design. Featuring an easy-to-use pull-out spout, it's perfect for rinsing and washing vegetables.

However, this isn't just any ordinary pull-out spray. Pro Glide detaches smoothly from the end of the spout and will retract, rotate and dock automatically when you're finished. Innovative, slick and sure to impress, you won't just feel like a professional in the kitchen: you'll look like one, too.

**Rapid**  
4 in 1

### For The Multi-Tasker

Whether you're making the perfect brew or reaching for a glass of fresh, filtered water, our Rapid 4 in 1 mixer tap does it all. Simply use the touch-sensor control to select filtered or boiling water.

Clever features include a touch control button that needs to be pressed before dispensing boiling water. These help make sure the Rapid 4 in 1 isn't just brilliantly convenient, it's incredibly safe, too.

**Rapid**  
3 in 1

### For The Innovator

More and more homes are saying farewell to the kettle in favour of the boiling water tap. Quick, convenient and space saving, it's sure to be a welcome addition to your kitchen.

Our Rapid 3 in 1 Boiling Water Tap gives you hot, cold or boiling water, with seven handy temperature settings. Rigorously tested, it combines guaranteed reliability and classic looks with a range of smart safety features.

## SO VERSATILE

Professional kitchen taps have a flexible spout/hose and some taps also have a pull out spray to clean hard-to-reach areas.

## FOOD PREP MADE EASY

If you spend a lot of time in the kitchen, then choosing a professional kitchen tap makes food preparation quicker and easier. Starting at just £139, they don't cost as much as you might think.

# Two hole taps

Whether you're looking for taps to fit your existing sink or you simply like the more traditional look of two separate taps, we have a style to fit every kitchen.

## Your kitchen, your style.

If you're looking for the perfect finishing touch – that one detail that elevates your kitchen and really makes it yours – take a look at our Gallery Tap range.

You'll find lots of useful features like pull-out sprays, instant filtered water. And of course, they all look absolutely stunning.

Discover more about the range on page 8.

# Sinks

Our kitchen sinks are designed to look great and built to last. Even better, they're also ridiculously easy to install. With our unique Easyfit system, you simply fit your sink, push on the taps, tighten the grub screws... and you're done.

So whether you're doing it yourself or getting help from a plumber, you can look forward to a hassle-free installation and a beautiful new kitchen sink, super quick.

**Black Glacier Sink**

SEE PAGE 61

# Easyfit sinks

What makes our Easyfit sinks unique? Each one comes pre-installed with an Easyfit tap base system, so they're much quicker and less fiddly to fit.

There are two ways to buy - either choose your Easyfit sink and taps separately or simply snap up a pre-selected kitchen sink and tap bundle. That way, absolutely everything you need to install your sink is included: Easyfit base, strainer waste, overflow, pipework, flexible inlet pipes and isolators. There's even a template for cutting your worktop.

**Easyfit**  
FASTER. SMARTER.

## Inox Kitchen Sink 1 Bowl Round Steel Universal

SK INXRD1 SU  
Stainless Steel (0.6mm gauge) **£115**  
H 160mm / W 860mm / D 500mm

# Inox

### EASY AS 1, 2, 3

Fitting an Easyfit Sink is an absolute doddle.

- 1** Fit your chosen sink using the fitting instructions.
- 2** Attach the pre-fitted flexi tails and isolators to the existing water supply.
- 3** Push the tap body on and tighten both grub screws to finish.

## Inox Kitchen Sink 1.5 Bowl Round Steel Universal
